“ Oh Cedric, we had our ups and downs while together and our laughs and cries and adventures. I still have the playlist on my phone with the first few songs you played and sung to me. Riding through Helen that night and the snow started coming down to show my girls with a huge smile on your face talking about your boys. Talking two months ago about us moving state to get that fresh start for your boys and my kids. I can't quite grasp this.... I know you are at peace and I know you are not hurting or feeling alone anymore. We will meet again, until then I know as always you will be watching over me. You will be miss so very much and I will always have a love for you and place in my heart for you!!! ❤️❤️
