“ *I am saddened to hear of Cortez passing. I met her when I was in the third grade. Every few days I went to the library to read and check out books. Cortez showed me how to use the catalog and file cabinet to find the books I wanted. Some days I just went to the library to see her and talk with her or just to admire her. She took time with this here kid! Naturally I grew fund of her. She always ask about my class work and if I like my teachers. Later in life we were friends I will miss her. You all are in my prayers.*
