“ Frank was always kind, and I admired his consistency. I liked that he stuck to his values, and he gave me great advice last, I work with him. I never thought it would be the last time. Prayer to his family. He was an excellent leader and dedicated man. His legacy will continue.

“ I worked with Frank for many years in the ED. His love for both staff and patients was evident in every single interaction I had with him over the years. After moving to the Lumpkin campus, I would often visit back in Gainesville and many times would bump into Frank. He always greeted me like a long-lost friend and left a smile on my face! He truly was a special man.
