“Rob” and I first met in September, 1983, and my life has truly been blessed just to have known him. He and I shared so many great times together which are too numerous to mention. He was an absolute joy to work and travel with. I was always happy when I was selected to work a shift or to travel on mission with him. I always found “Rob” as being very sharp and intelligent therefore, I found myself often depending on him. He also kept me laughing... “Rob” and I have kept in contact through-out the years, and just to have a conversation by telephone with him was an absolute joy. Jevon and Jamal, you both are very blessed to have had this great man as your father.

REST IN PEACE BROTHER...I'll see you on the other side!!

“ James, my cousin and friend, I will always remember one evening in 2015 behind Don and Joann's house. Don is cooking and music is playing. I was sitting at a table when you came round the side of the house. Everyone else is inside because it is cold and I'm smoking a cigar. Don is watching us drinking beer and talk After a few minutes I see him grinning at us. We keep on talking and it had been about 15 or 20 years since we seen each other. Don laughed and said you guys don't even know you are talking to your own cousin. We both jumped up and hugged each other and cried! It was a moment of pure love and joy. It has always been the feeling I received every time after when I saw you. You were a good man with good humor and strength. I will miss you Cuz'.

I surprised chief when I came to Georgia. He loved getting a pedicure from me and it has been at least a couple of years since I have given him one. Cheryl left the front door unlocked and I walked in. He was surprised to see me. I stayed for a week and he got his pedicure and he enjoyed it. Also, he surprised me when he came to my wedding. I'm really going to miss him he was like a brother to me. He was smart, funny. I love you Chief!!
