“ *We both had diesel in our veins! JB was always working when I was coming up and our last sit down I got the chance to talk about it. The struggles of being on the road to provide for the family but at the end of the day he didn't regret it. He left an imprint on me and his wisdom will truly be missed.*

“ Heartfelt sympathy. Hoping that you're comforted by memories, the caring of others, and the healing power of time. There are times when the right words just don't exist... We hope it will help you a little to know how much we are thinking of you and your family, how much we care. Rev 21:3,4
