“ I remember the day I got the call that you were gone, I couldn't and still don't believe that you are not there at work waiting for me to help you run the sheet pans through the dishwasher. I'm going to miss our talks and the way we kept each other going with so much laughter. I still look for you at work and my heart aches knowing your not there. Sleep on my friend, we wanted you here but God needed you. I miss you my friend and I love you, until we meet again....rest easy
