“*Louella and I have been friends since before junior high school and lived in the same neighborhood. After high school we went to work at the East Ohio Gas Co. downtown and we again worked together at the J&L Steel Company and then she worked at the same company as my husband Jack. Even though we lived in different states, we always remained in contact. We never had a disagreement and I always knew I could count on her to share our ups and downs. She had a warm, caring heart and my family and I will miss her. Prayers to all her family.*
