“ I met Mary "M" at the Senior Center. She was one of the very first people I connected with 16 years ago when I started working at the Center. We played pool together many times under the team name "M & M" for Mary and Melissa. Since then we have always called each other "M" and we had a secret hand signal. We also shared some inside jokes. She always made me smile when I saw her. As many know, she also had the voice of an Angel and if she was in the talent show at the Center, you knew she was the star of the show. I know many loved her and many will miss her.
