“ *Ned, Pat and family,*

We worked with Mildred when Brenau was just a college. We have so many memories of her. She and Wessie Nell Clark came to our wedding back in 1973 and years later to Don's 50th birthday surprise party. Over the years we haven't seen either of them, but thought of them often. Never a memory pops up about either of them that we both smile.

We know that she will be greatfully missed, but the peace you have now is that you know where she is.

We loved her over the years and we pray to God to give you strength in these coming days.

With much love to all,

Don & Nancy Abercrombie
