“ *Miss Pat was a wonderful role model when she was at Bolling AFB in DC. Her patience, gentleness, sense of humor, and willingness to try new (and sometimes scary) things were an inspiration! I am glad that Juan gave us the opportunity to know how she was doing and to pray for her in her last months. Sending blessings and continued prayers to the family as you mourn and celebrate this awesome woman!*

Hello Juan and family, Pat was my classmate at the Grady School of Nursing. We had to be “tough” and support each other during the three years of training 1961-1964. She was also very fashionable and had a great sense of humor. “Let me give so much thought to the improvement of myself that I will have little time to criticize others”, was Pats’ senior message!
