“ My beloved Mother the birth mother of 7 children, 6 sons, and 1 daughter. I miss her greatly and hold such fond memories of the many years of closeness we shared. My mother a pioneer in protecting and serving the less fortunate and stood for civil rights before it was even brought into the forefront, and a popular conversation for a lot of others. A Malcolm X follower and a deep lover of her community, standing for justice and liberation of minorities. Sarah C. Spear her giving was endless!
