“ *It saddens my heart that my friend, homegirl, track team mate in high school and at Texas Tech is no longer here. We shared so many great moments together out there on that track. I remember our last conversation not too long ago laughing about old times and remembering the good ole days on 8th Street.*

To the Patterson family and Ashley you are in my prayers and I pray that God gives you comfort during this very difficult time.

Rest In Peace my friend.

“ I'm at a loss for words, knowing that Yvette will no longer be with us. Over the years, we had the best of times. I grew up with the Patterson's and then went to college at Texas Tech and right behind me, came Yvette. She cooked on Sundays, and if you were blessed, you were invited over for Sunday dinner. She didn't just warm up a meal, she laid it down.

Recently she shared with me her daughters accomplishments. Ashley, you were the smile on her face; the glow in her eyes and the beat of her heart. She could talk for hours about you.

May god, be with the entire family at this time and know that she is never far away. "When you feel that she's with you, know that she really is".

Rest in peace Sudie.....

“ I will always remember my cousin Yvette's warm smile when the times we shared in Louisiana when I would catch up with her. Forever in my heart is sketched with this memory reminding me that the best and most beautiful things in the world cannot be seen or even touched. They must be felt with the heart.” Family, do Listen to God with all your heart for He is not only the doctor who mends it, but also the father who wipes away the tears.” Love you deeply and praying for the comfort and strength that only God can give during this time of remembrance and celebration of our loved one.
